Research Interests

I am broadly interested in morality, behavioral ethics, judgment and decision-making, and social cognition. I aspire to apply findings in these areas to practical realms (environmental conservation, protection of animal welfare, gender equality, etc.). I practice open science since the first day of my academic training, and I value replicability, reproducibility, and evidence-based practices (e.g., effective altruism).

Education

Master of Philosophy (M.Phil.) in Social Psychology University of Hong Kong, Hong Kong SAR, China Advisor: Gilad Feldman, Ph.D.	2019 – 2021 (expected)

Mass Collaborations

Hall, B. F., Wagge, J. R., Pfuhl, G., Stieger, S., Vergauwe, E., Ijzerman, H., ... **Xiao, Q.**, ... Lowry, M. B. (in-principle acceptance) Registered Replication Report: Turri, Buckwalter, & Blouw (2015). *Advances in Methods and Practices in Psychological Science*. <https://doi.org/10.31234/osf.io/zeux9> (Accelerated CREP project)

Research Experience

Independent Thesis Student	2017 – 2018
Brain & Behavior Lab, HKU (PI: Dorita H. F. Chang, Ph.D.)	
Topic: Reference frames for coherent motion perception	
Research Intern	2017 – 2018
Consciousness & Metacognition Lab, HKU (PI: Hakwan Lau, D.Phil.)	
Topic: Metacognitive sensitivity for peripheral visual perception	
Research Intern	2016 – 2017
Attention Brain & Cognition Lab, HKU (PI: Janet H. Hsiao, Ph.D.)	
Topic: Association between face recognition performance, eye-movement, and autism	

Funding & Awards

Dean's Honours List	2017 – 2018
Dean's Honours List	2016 – 2017
Evergreen Scholarship for Student Enrichment	2016

Professional Services

Reviewing experience

Journal of Pacific Rim Psychology
Scientific Reports
Social Psychological and Personality Science

Professional Affiliations

Society for Judgment and Decision Making

Member

Teaching

University of Hong Kong

PSYC3052 Advanced Social Psychology (teaching assistant)	2020 – 2021 Fall Semester
PSYC2071 Judgment and Decision Making (teaching assistant)	2020 – 2021 Fall Semester

Skills

Data analysis: R / Python / SPSS / Meta-analysis / Bayesian statistics / Visualization

Experimentation: MATLAB / Qualtrics / MTurk / PsychoPy / E-Prime

Languages: English (full professional proficiency) / Mandarin (native) / Cantonese (limited working proficiency) / German (elementary proficiency) / Japanese (elementary proficiency)

Training myself on: jsPsych (an open source, JavaScript-based experiment builder) / big data analytics / structural equation modeling
